

BEVERLY HILLS UNIFIED SCHOOL DISTRICT

CAREER TECHNICAL EDUCATION

Creating Business and Education Partnership Opportunities

WHO can get involved?

Local Businesses, Non-profit organizations and Beverly Hills Unified Schools

WHY get involved in a partnership?

- ◆ Together we can align efforts to help students reach proficiency by designing skills and knowledge students need to be successful in the workplace
- ◆ Businesses can share innovation by providing resources that help schools educate students more effectively
- ◆ Together we can develop policies that encourage employees to be engaged in classrooms as skill-based volunteers
- ◆ Businesses will assist in development of their future workforce

WHAT opportunities exist?

- ◆ Adopt a school, district or an industry sector
- ◆ Become a Guest Speaker in classrooms
- ◆ Participate in Career Day Presentations
- ◆ Host a Field Trip at your site
- ◆ Participate in Job Shadow days
- ◆ Support student organizations
- ◆ Engage in e-mail mentorships
- ◆ Create scholarships for students
- ◆ Provide technical advice to teachers or students
- ◆ Provide internships for students
- ◆ Serve as a member of an advisory or steering committee

- Adopt a school, an industry sector program**
This means you would like to help with many areas listed below and you are committed to a particular district.
- Guest Speaker in classrooms**
Speak about experiences related to your own career and what students need to do to prepare for the world of work related to your industry sectors.
- Participate in Career Day Presentations**
Many schools chose a particular day each year to invite speakers from each industry sector to speak to students about the skills needed to work in that sector.
- Host a Field Trip at your site**
You are willing to host a visit to your place of business. Student can see and learn about future jobs in your particular industry sector.
- Provide donations of supplies and materials for classrooms**
New or used supplies provide students “hands on” activities to train on equipment they will use in future jobs in your industry sector.
- Participate in Job Shadow Days**
You will allow students to come to your work site one day a year to shadow employees in different jobs.
- Support Student Organizations**
Some student organizations compete in local, state and national competition. You can support by practicing role plays, assisting with classroom projects, or providing financial aid for students.
- Technical advice to teachers or students**
Teachers need help with the best software or hardware integration of technology into their programs.
- Engage in e-mail mentorships**
Students are starving for relationships with adults. You can help by assisting with class room projects, allowing students to seek assistance via e-mail.
- Create Scholarships**
Businesses can contribute financially to help leverage grant funding for CTE activities for students.
- Provide Internships for student**
Businesses can provide students work experience by offering a paid or unpaid training experience.
- Serve as a member of an advisory or steering committee**
Attend 1-5 meetings per year to provide input about what should be taught in classes, what equipment should be used and what training sites might be available.
